Career Objective:

A highly ambitious year 3 student at Hong Kong Baptist University, I am excited to pursue my major in Math & Statistics with a minor in Computer science. I am passionate about continuous learning, exploring new opportunities and have a strong interest in learning AI. I have a strong entrepreneurial spirit to build ideas and a passion to learn code as a self taught coder.

Education:-

Hong Kong Baptist University, September 2024 – Present

- Bachelor of Science, Mathematics and Statistics, Minor in Computer Science
- CGPA - 2.82 Dean's list- Semester 1(2024 - 2025), Semester 2 (2025-2026)

Experience:-

HackTheEast (Organiser): Dec 2025 - Present

Operations Team

- Organised Hong Kong's biggest student-led AI hackathon with over 300+ participants.
- Worked closely with the operations team to ensure the whole event runs smoothly.
- Supported sponsorship outreach and university promotion, increasing student visibility and engagement.

ENACTUS: Mar 2026 - Present

Peer Buddy

- Acting as a peer buddy in their flagship programme SLEEP 2026.
- Peer advising 2 mature-stage project teams alongside seasoned business advisors.
- Provided strategic and entrepreneurial guidance to student-led social innovators.

Uni-Thrive: Dec 2025 - Present

CEO & Co-Founder

- Managing all the activities from strategic planning to execution.
- On-boarded 2 Advisors to the team for a better outcome.
- Pitched at multiple competitions and secured a top 30 place at Alibaba Jumpstarter.

Extracurricular activities:-

Convenor of (SQC) Student quiz club: Nov 2023 - Jan 2024

- Served as a convenor and organized two quiz competitions for grades 9–12, engaging over 100 students.
- Improved leadership and communication skills while managing the event.

Member of (SSC) Student sports council: Nov 2023 - Jan 2024

- Coordinated track-and-field events for Sports Day with PE teachers.
- Managed students during events and sorted data using Excel.
